10 THINGS EVERY WOMAN Should Have for the HOLIDAYS... ACCORDING TO Sophie Blake

The beaches and baubles of Mexico inspired Merrifield, Va., jewelry designer Sophie Blake's (sophieblake.com) latest Mayakoba collection of cuffs, statement earrings and rings. "I think everyone knows Frida Kahlo, but I was thinking more about midcentury Cubism and the nature in the Yucatán region, which I visited last year," says Blake, who sells her collection online and via her Mosaic District boutique. She thinks her designs would shine during the holidays (or as gifts), and they're on her top 10 list for what to wear, buy and give this season.
